EXPERIENCE

Textile machinist

Calzedonia, Castel Gofreddo | 2011-19

I worked in Calzedonia and I made the textile product as tights, socks on seamless machines. My job was to follow production and quality control. I made the technical drawing through a specific program.

EDUCATION

Technological Designer

ITS Machina Lonati, Brescia | 2005-08

Full Stack Developer | 2021

start2impact

Front End Developer | 2021

ABOUT ME

Hello! I graduated from the academy of designer technologist in seamless clothing ITS Machina Lonati in 2008. I worked for Calzedonia for 8 years. But a year ago I started self-learning Front End Web Developer. In which I found a place for my endless creativity. I love learning new and interesting things in the world of computer science. Ready for new skill and training! I like to work in teamwork. I like to write clean code. I am willing to learn, responsible and I have a good organization.
