Tetyana Hordiyenko
Front End Developer

Summary

I am a beginner frontend developer with a developing proficiency in HTML, CSS, JavaScript, and React. I am passionate about learning and taking on new challenges, and I strive to write high-quality code while maintaining clean and efficient programming practices.

Projects

1. **Web Studio, Link GitHub**
- Technologies: **HTML, SASS, JavaScript**
- My Role: Designed and developed the website based on Figma designs, implemented responsive design, optimized website performance, and ensured accurate translation of the design into code.

2. **Personal Portfolio Website**, **Link GitHub**
- Technologies: **HTML, SASS, JavaScript**
- My Role: Designed and developed the website from scratch, implemented responsive design, optimized website performance, to enhance functionality and user experience. Achieved a visually appealing and professional website to showcase personal portfolio and skills.

3. **Filmoteka**, **GitHub Link**
- Technologies: **HTML, SASS, JavaScript, REST API, AJAX, Parcel**
- My Role: At Filmoteka, my primary responsibility was to work on the service App to handle get requests, render movie cards, and implement a loader. The application was built using a range of web technologies, including HTML, SASS, JavaScript, REST API, AJAX, and Parcel.
